

Web Page Design 1 – SUMMER 2017

HOW TO CONTACT ME:

Teresa Sprecher

tsprecher@madisoncollege.edu

608.246.6470 (Office) E3868

http://caweb.madisoncollege.edu/instructors/tsprecher/web_1/

INFORMATION FOR THE COURSE:

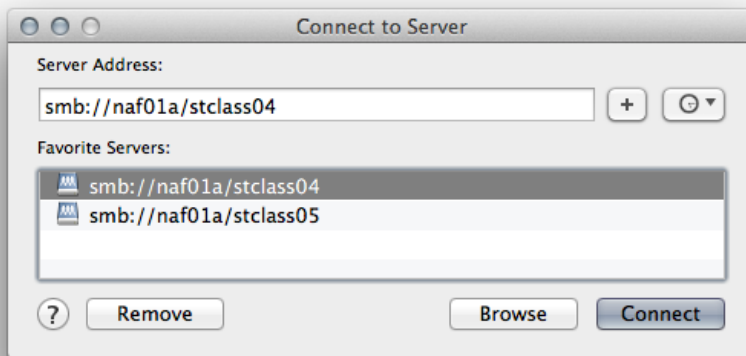

I have information, source files and resources for this course for you. These can found in multiple spots (a large part of the information is duplicated in these areas as well).

Blackboard login for course

<https://blackboard.madisoncollege.edu/>

The blackboard site for this course has information and video links by weeks of the course. If you miss a class or want to repeat the information covered in class, check out the blackboard site.

Connecting to Server (Madison College Connection)

Under your class – go to the **Shared Folder**

There you will find source files and information broken down by week.

Server (Off Campus)

<https://fileway.madisoncollege.edu/FileWay>

Use your student login to access.

SUBMITTING YOUR CLASS EXERCISES AND ASSIGNMENTS:

You will not be “dropping” assignments into a dropbox or your student folder.

You will need to **UPLOAD** them to the CAWEB server. See using fetch (File Transfer Protocol software) handout for directions.
